

## The Steadfast Tin Soldier Rehearsal Schedule

### \*Subject To Change\*

**Zoom ID info accessible in your portal, under the class info for Steadfast Tin Soldier Participation! This rehearsal schedule is also available in your portal and includes the Zoom studio ID's.**

Thank you for going on this new Steadfast journey with us! We appreciate your patience and understanding as we set aside our decades of practice rehearsing and staging a theatrical production, and move to the new format of Zoom rehearsals, and filming scenes for performance. We have already had many fun discussions about the exciting possibilities of this year's Steadfast Tin Soldier, and look forward to embarking on this challenge together!

**This rehearsal schedule is subject to change. We will try to stay as close to rehearsal times and dates specified below, but may need to make some adjustments as we go along.**

Due to this year's new format, we have more "TBD" rehearsals than usual, to make sure we have the flexibility to rehearse and film parts as needed. "TBD" rehearsals will be posted in DSP and emailed out by the Monday before rehearsal. **Please be sure to keep these times free in your dancer's calendar.**

Filming will mostly take place in rehearsal. Some roles may have some additional scenes to be shot outside of rehearsal—more information will be communicated about this by role. Parents should be sure to add [info@dancefremont.com](mailto:info@dancefremont.com) to their trusted senders, and check their junk folder regularly to ensure that they do not miss important announcements.

### Saturday Oct. 10
